Our April **Business-Edition** of the CSR Calendar Forum is intended to be the starting point to mainstream the opportunities and the responsibilities the SDGs are bearing for the private sector in Vietnam based on the two localized global initiatives Global Compact Network Vietnam (**GCVN**) and Vietnam Business Council for Sustainable Development (**VBCSD**) which will support entrepreneurs to start their global journey on the national level.

**What can the SDG mean for entrepreneurs? What is the scope? Who can support me? and finally: What is in for me?**

We are proud to present **Mdm. Pham Chi Lan** as our keynote speaker who will link the SDGs with the most recent, most unbiased research and findings on Vietnam, the Vision Vietnam 2035 report.

**Mdm. Pham Chi Lan** is working as an independent economic researcher. She is a member of the National Council for Sustainable Development and Competitiveness Enhancement. Mdm. Lan had worked at the Vietnam Chamber of Commerce and Industry (VCCI) and hold various important positions at VCCI. Her fields of expertise include participating in the formation and improvement of the institutional infrastructure for business and economic development in Vietnam, expanding business links between Vietnam and the outside world, and promoting Vietnam's international economic integration process.
